

## SMSC Covid Protocol for Assessment Days

Assessment days will look a little different due to Covid-19 Protocols. Please take a moment to read the Covid-19 protocols that are in place for the upcoming Assessment Day. We appreciate your cooperation and understanding as we work diligently to ensure the safety for all our members.

- Due to Social Distancing protocols, spectators will not be permitted during Assessment Days (parents are permitted to bring the skater to the check in table and the skater will enter rink 3 on their own. The parents are then expected to exit the arena. Volunteers, coaches, and skaters are the only ones permitted inside rink 3.
- Dances are permitted to be partnered
- The Assessment Coordinator will ensure that the assessor area is sanitized prior to the arrival of the assessor and prior to the arrival of a different assessor
- Skaters who are being assessed under multiple disciplines (Skills, Dance, Free Skate, Artistic) may remain inside rink 3 but must be wearing a mask unless they are on the ice surface being assessed. They may stay upstairs in the viewing area and are expected to maintain social distancing. Ice Captains will be on site to assist with ensuring safety protocols are being followed.
- Once skaters receive their results (assessment paper) they are expected to leave rink 3. They are not permitted to watch and remain inside the rink area as we do not have enough space to maintain proper social distancing.
- All coaches, volunteers and assessors must wear their mask at all times.
- Skaters are permitted to remove their mask once they have stepped on the ice to be assessed. They must put their mask back on once they have completed their assessment and are ready to step off the ice.
- If skaters are required to approach the assessor, they must ensure they remain social distanced and are wearing a mask

**FRIENDLY REMINDER:** Skaters must bring their printed assessment ticket to the rink. If a printed ticket is not received the assessment can not proceed.

Thank you,

SMSC Board of Directors
